Cost	\$6,000	\$2,500	\$500

All Female Speakers

3D Printing
Conference

***All Are Welcome
to Attend!***

Benefits Explained

Virtual Tables

In the Remo virtual networking platform, there are small, medium, and large "tables" at which video networking occurs. Individuals can "sit" at any table with other attendees and mingle (as if they were all in a video conference call). Your company name will be listed as the title of your selected table.

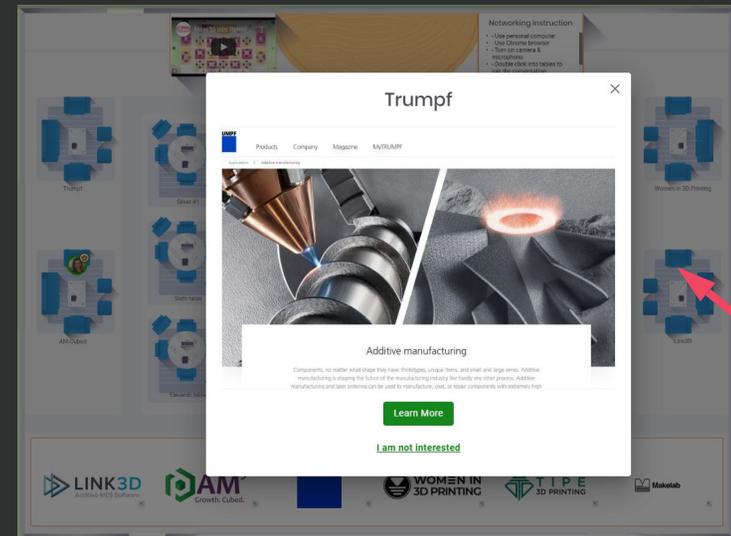

These tables offer a similar experience to a booth at an expo, with the same opportunity to present your product with screen sharing, play a video, or simply chat with whomever stops by.

Event Signage

The event takes place across 6 "buildings": one building for each track (Technology, Industry, People, Economy, NextGen), and one dedicated to networking.

Gold & Platinum sponsors will have signage along the sides of the Networking building, with a CTA button taking the user to a page of your choice.

Each Platinum sponsor will be the sole sponsor of one of the tracks.

Benefits Explained

Newsletter

Wi3DP releases one newsletter to their distribution list each month (10,000+ community). The logos of all sponsors will be listed every month leading up to the conference. Platinum sponsors can include up to 1 short news article each month.

RSVP Lists

We will have two contact lists: 1) all the people that register, and 2) the people that attend (along with what time they joined and left).

Blog Post

Wi3DP will write a focused article, posted on WomenIn3DPrinting.com, about your company and why we're proud to have you as a sponsor.

Job Board

All sponsors are able to post jobs on the Wi3DP job board, Platinum sponsors will have theirs listed as "Featured".

Website Visibility

75-word descriptions and/or company logos (dependent on sponsorship level) will be prominently displayed on the TIPE Conference website.

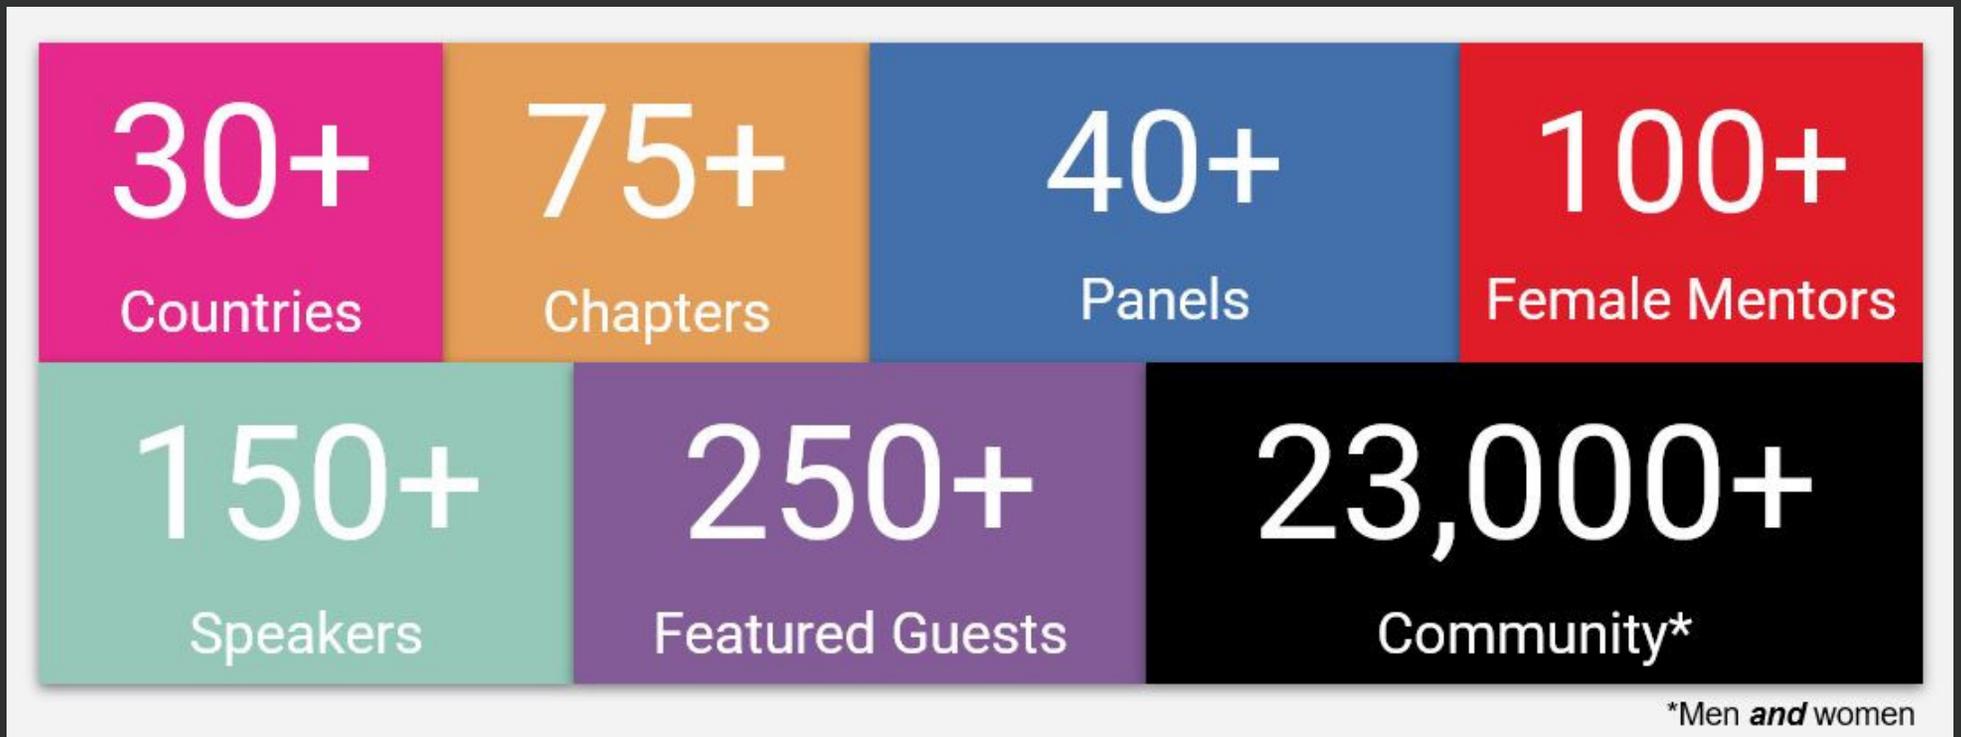

Career Fair

Women in 3D Printing will host 2 virtual career fairs annually: one in June 2021 and the other the same week as TIPE 2022.
